	What we do at Axminster Community Primary Academy
What kind of SEND do pupils at Axminster Community Primary Academy have?	Axminster Community Primary Academy is a mainstream setting with 276 pupils from Nursery/Reception to Year 6. We provide the structure for a pupil-centred process that engages pupil, family, school and other professionals in planning for and implementing high quality, needs led provision that is consistent across the school. This is to ensure all of our pupils are able to access the same opportunities for learning and social development, achieving maximum progress, fulfilling their potential and promoting their well-being. The school provides support for pupils across the 4 areas of need as laid out in the SEND Code of Practice 2014: **Cognition and learning**. This covers learning difficulties both moderate (MLD) and severe (SLD) where support is likely to be needed across all areas of the curriculum. It also covers difficulties which affect one or more specific aspects of learning (SpLD) This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia. **Communication and Interaction**. Children with a speech, language and communication need, Autistic Spectrum Disorder (ASD) including Asperger's. **Social, emotional and mental health difficulties.** At times children may suffer from anxiety, overwhelming feelings of anger or fear which affect their ability to learn. Including ADHD, ADD, or Attachment Disorder. **Sensory and/or physical needs**. This covers Hearing Impairment (HI) Visual Impairment (VI) Multi-Sensory Impairment (MSI) and Physical difficulties (PD) We currently have 60 children on the SEND register with the following types of needs: 33% of **Cognition and Learning** 49% of **Communication and Interaction** 18% of **Social, Emotional and Mental Health Difficulties** 0% of **Sensory and/or Physical Needs** Last academic year (2025 – 2026) we had 55 children on the SEND register with the following types of needs: 35% of **Cognition and Learning** 46% of **Communication and Interaction** 19% of **Social, Emotional and Mental Health Difficulties** 0% of **Sensory and/or Physical Needs** If you want to know more about SEND at Axminster Community Primary Academy School Please contact the SEND Lead, Sue Elsworth.

How do we identify pupils with SEND?

Information about the First Federation Trust policies for identification and assessment of pupils with SEND can be found by clicking on the link below:

Policies | First Federation

Pupils have special educational needs if they have a learning difficulty or disability which calls for special education provision to be made ***which is additional to or different from*** that normally available in a differentiated curriculum. We regard pupils as having a Special Educational Need if they:

- Have a significantly greater difficulty in learning than the majority of pupils of the same age, or;
- Have a disability which prevents or hinders him/her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions
- A child under compulsory age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them (Section 20 Children and Families Act 2014)

Children with SEN are identified by the following assessment routes all of which are part of the overall approach to monitoring progress of all pupils:

- Child performing below age-related expected levels and performance thresholds – this could be in any of the core subjects, or in social emotional development.
- Assessments of children on entry to school e.g. Speech and Language assessments, Baseline assessments
- Ongoing tracking attainment of children through the year
- Internal assessments
- Concerns raised by parent
- Concerns raised by teacher
- Clear systems to raise concerns in place, involving consultation with parents.
- Consultations between class teachers and members of the leadership team where progress is discussed
- If children have English as an Additional Language (EAL) and there are SEND or progress concerns, the school will commission first language assessments to ensure an accurate assessment of need is made.
- Extensive Liaison with external agencies e.g. Educational Psychology, Communication and Interaction Team
- Health diagnosis through Paediatrician or advice from GP
- Liaison with previous school or setting, if applicable

How does the school ensure the continuity of support when children progress to the next phase of their education?	We have close links with colleagues at local pre-school and secondary schools in the area. A smooth transition between phases of education is ensured by**:** ● When moving class the current and new teachers will meet to discuss the children coming into the class. This will include sharing Personal Learning Plans, successful strategies, barriers to learning and next steps. Parents are given the options of meeting their child's new class teacher before the Summer holidays. ● When moving schools, the SENDCo will contact the new school's SENCo to share SEND information prior to the move. Once the child has moved, their SEND file will be sent to the school. ● When moving to secondary education, meetings will be held during the Summer Term to discuss all children with SEND. All children attend changeover days at some point during the Summer Term. The secondary school may wish to meet your child prior to transition, in this instance, you will be informed and your consent will be needed. These meetings may result in additional visits to the secondary school for the child; however this is dependent on the needs of the child and the secondary school concerned, so may not apply in all cases. ● Parents/carers of children with more complex needs may require earlier transitional preparation. The school's SENDCo will support them in this enhanced transition.
What arrangements are in place relating to the treatment of complaints about SEND provision?	If you have concerns about your child's SEND provision, you should initially raise these with the class teacher and/or the SENDCo. The First Federation has a complaints procedure, which can be found on the website.https://www.firstfederation.org/complaints-2/ If there continues to be disagreement with regard to SEND provision, the Local Authority should make arrangements that include the appointment of independent persons with a view to avoiding or resolving disagreements between the parents/carers and the school. This includes access to mediation before tribunal. Parents/carers have a right to appeal to a SEND tribunal at any stage. **Parents and Carers can access further information, support and guidance from Devon Information Advice and Support for SEND** https://www.devonias.org.uk/
